

The background of the entire page is a low-angle shot of several modern skyscrapers reaching towards a clear blue sky. Overlaid on this image is a white, glowing network of lines connecting various points, with some points appearing as bright orange-yellow light sources. This network pattern is most prominent in the foreground and middle ground, creating a sense of digital connectivity and data flow.

Success stories

Making manufacturing intelligent with S/4HANA greenfield implementation

With over 80 years of legacy and more than 9000 workers, our client was challenged by manual processes and a fragmented business environment. We delivered a transformation from conventional to technology-driven collaborative manufacturing using an SAP S/4HANA greenfield implementation resulting in 30% quarterly increase in revenue and production and 99% on-time shipping during eight simultaneous go-lives in one cutover.

Financial system integration turning insights into action

A leading midstream provider was struggling with disparate financial systems and sluggish performance of mobility solutions. We delivered one single integrated view into financial processes and increased user engagement 2x by implementing SAP S/4HANA powered enterprise management system enabling business planning and consolidation.

David Devich
CIO, Momentive Technologies

"We chose a greenfield implementation despite significant risks, including a pandemic. We knew our team was strong but added support from Kellton, SAP and AWS gave us the confidence to proceed."
